Favorable reconsideration and allowance of this application are respectfully requested. No new matter has been added by any of the amendments to the specification. Applicant respectfully requests reconsideration and withdrawal of the Examiner's rejections in view of the foregoing amendments and following remarks.

**CLAIM REJECTIONS – 35 U.S.C. §103(a)**

The Examiner rejected claims 23, 24 and 26 under 35 U.S.C. §103(a), as being unpatentable over Ray, III et al. (U.S. Patent No. 4,308,679) in view of Miller (U.S. Patent No. 5,127,743) and Kon et al. (JP 62-62736).

The Examiner rejected claims 25 and 27 under 35 U.S.C. §103(a), as being unpatentable over Ray, III et al. (U.S. Patent No. 4,308,679) in view of Miller (U.S. Patent No. 5,127,743) and Kon et al. (JP 62-62736) and as applied to claim 23 in further view of Walker (U.S. Patent No. 3,879,246).

In response to previous arguments made by Applicants, Examiner indicated that the claims did not require the upper layer of laminate film to completely cut in two laterally displaced locations such that a strip of the upper layer be completely detached on either side from the rest of the upper layer prior to entering the laminator.

Proposed amendments were sent to the Examiner and the amendments were discussed with the Examiner on November 3, 2005. Based upon the conversation, Applicants amended

claim 23. Claims 23 through 27 are now believed to be in condition for allowance. Applicants respectfully request Examiner withdraw the rejection to claims 23 through 27.
